

Important Information about your COVID-19 vaccination appointment

1. Please note that here is a ramp up to Rowcroft surgery and a stair case. Please ensure you are able to enter the surgery for your vaccination.
2. Please do not arrive early for your appointment. Due to social distancing space is limited within the surgery so you will need to wait outside if early and may not be able to access the car park.
3. Please do not contact Rowcroft Medical Centre for information about your appointment or the vaccination You must contact Minchinhampton surgery for any site or vaccine information (including directions), questions, or appointment issues relating to your vaccination. Rowcroft Medical Centre will not be able to help you and will re-direct you back to your own surgery.
4. Please wear clothing that is easy to remove; access to one upper arm will be required.
5. Please do not bring shopping or large bags/luggage with you. This will not be able to be taken into the vaccination clinic and may need to be left outside.
6. You will need to wait for 15 minutes after your vaccination before you can leave the vaccination centre – please be aware of this if you are using public transport or a taxi.
7. Please note all cars must be removed from the car park immediately after you are told it is safe to leave.

Thank you in anticipation of your support.
